**UZS**
The only currency of the books

**1 March**
Annual statements due

**2027**
First year under NSFO

**2 of 3**
Size tests that trigger an audit

01

# Standards and rules

Every company keeps its books in soums on one national chart of accounts. From 2027 new national standards take over step by step.

04 From NSBU to NSFO →

05 Which standards apply →

06 Chart of accounts and policy →

THE RULES

# From NSBU to NSFO

Accounting follows Law ZRU-404 on Accounting. A company with foreign capital follows the same rules as a local one.

| 1 JAN 2025 | 17 DEC 2025 | 2026 | 1 JAN 2027 | 1 MAR 2028 |
|---|---|---|---|---|
| New chart of accounts and forms | Full IFRS only for public-interest entities | Last year on NSBU | NSFO No. 1 and No. 2, based on IFRS for SMEs | First statements under NSFO |

IN PRACTICE

Only NSFO No. 1 and No. 2 are adopted so far. Fixed assets, inventories and revenue stay on NSBU until new standards replace them.

WHICH STANDARDS APPLY TO YOU

# Find your row

In 2026 every company still reports under NSBU. A company in an IFRS group may move to IFRS voluntarily and keep one set instead of two.

| Who you are | From 2027 |
|---|---|
| Public-interest entity | IFRS, audited from 2028 |
| LLC or other company | NSFO |
| Joint-stock company | NSFO. Whether IFRS applies too, we check case by case |
| Micro firm or small enterprise | NSFO. Later rules are not yet set |
| Branch or TIFC participant | We check case by case |

BOOKS AND POLICY

# One chart of accounts, one policy order

Since 2025 every company keeps its books on one national chart of accounts. An ERP on the group chart needs a mapping to it.

| | |
|---|---|
| Registration | The policy applies from day one |
| Within 90 days | The director signs the policy order |
| From 1 January | Changes take effect |
| By 31 Dec 2026 | Sign the policy for 2027 |

Read more on our site: Accounting policy for tax purposes, a separate document. advizenco.com/insights/accounting-policy-tax-purposes

02

# Financial statements

One annual set in soums. National statements are due by 1 March, IFRS statements by 1 May.

08 The annual set →

09 Inside the forms →

FINANCIAL STATEMENTS

# Five reports, or two

Micro firms and small enterprises file a shorter set.

| Report | Full set | Short set |
|---|---|---|
| **Balance sheet**<br>Form No. 1 | Yes | Yes |
| **Statement of financial results**<br>Form No. 2 | Yes | Yes |
| **Cash flow statement** | Yes | No |
| **Statement of changes in equity** | Yes | No |
| **Notes** | Yes | No |

**1 March**
Statements under national standards

**1 May**
Statements under IFRS

**Annual**
No quarterly statements

INSIDE THE FORMS

# How the two main forms are built

The official forms are in Uzbek and in soums. An English version serves only the group.

## Balance sheet, Form No. 1

| Assets | | Own funds and liabilities |
|---|---|---|
| I. Long-term assets | | I. Own funds |
| II. Current assets | | II. Liabilities |
| | | Long-term |
| | | Current |
| **Total assets** | = | **Total own funds and liabilities** |

## Statement of financial results, Form No. 2

| 1 | 2 | 3 | 4 | 5 |
|---|---|---|---|---|
| **Net revenue** | **Gross profit** | **Operating profit** | **Profit before tax** | **Net profit** |
| | minus cost of sales | minus period expenses | plus or minus finance items | minus taxes on profit |

03

# Audit, people and documents

Larger companies and some legal forms need an annual audit. The books can be outsourced, the responsibility cannot.

11 Statutory audit →

12 Who keeps the books →

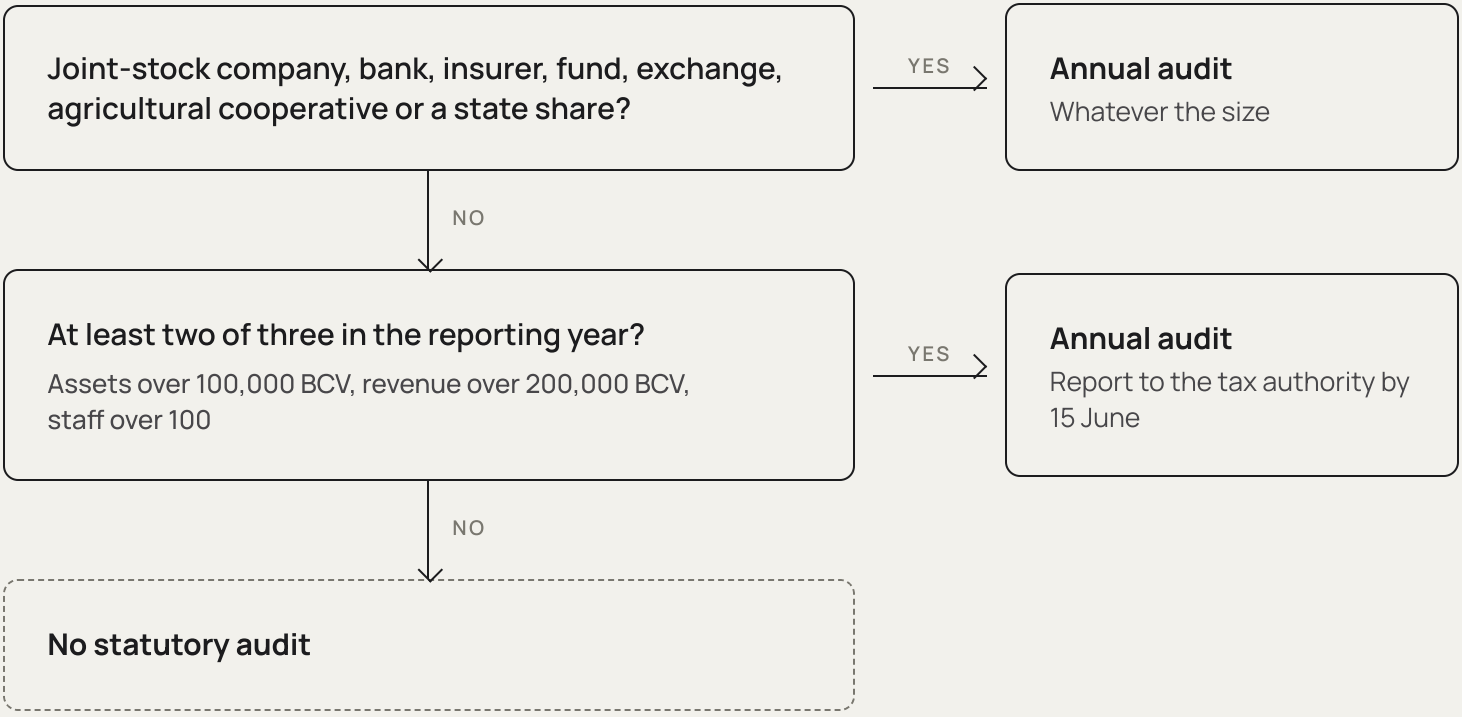

13 Contacts →

STATUTORY AUDIT

# Is an audit required?

Two questions decide it (Law ZRU-677, Art. 35). Foreign ownership alone does not trigger an audit.

PEOPLE AND DOCUMENTS

# Who keeps the books

The director picks one of four models the law allows. Whichever it is, every sale gets an e-invoice and documents are kept for at least five years.

- Own team led by a chief accountant
- An accountant under a contract
- Outsourcing to a specialised firm
- The director keeps the books

IN PRACTICE

The work moves, the responsibility does not. The company and its director answer to the state.
